

Stock Smarter. Build Faster.

*The Arrowhead Consignment Program
lets you keep inventory on-hand without
tying up cash flow.*

MORE INVENTORY.
LESS CASH OUT.

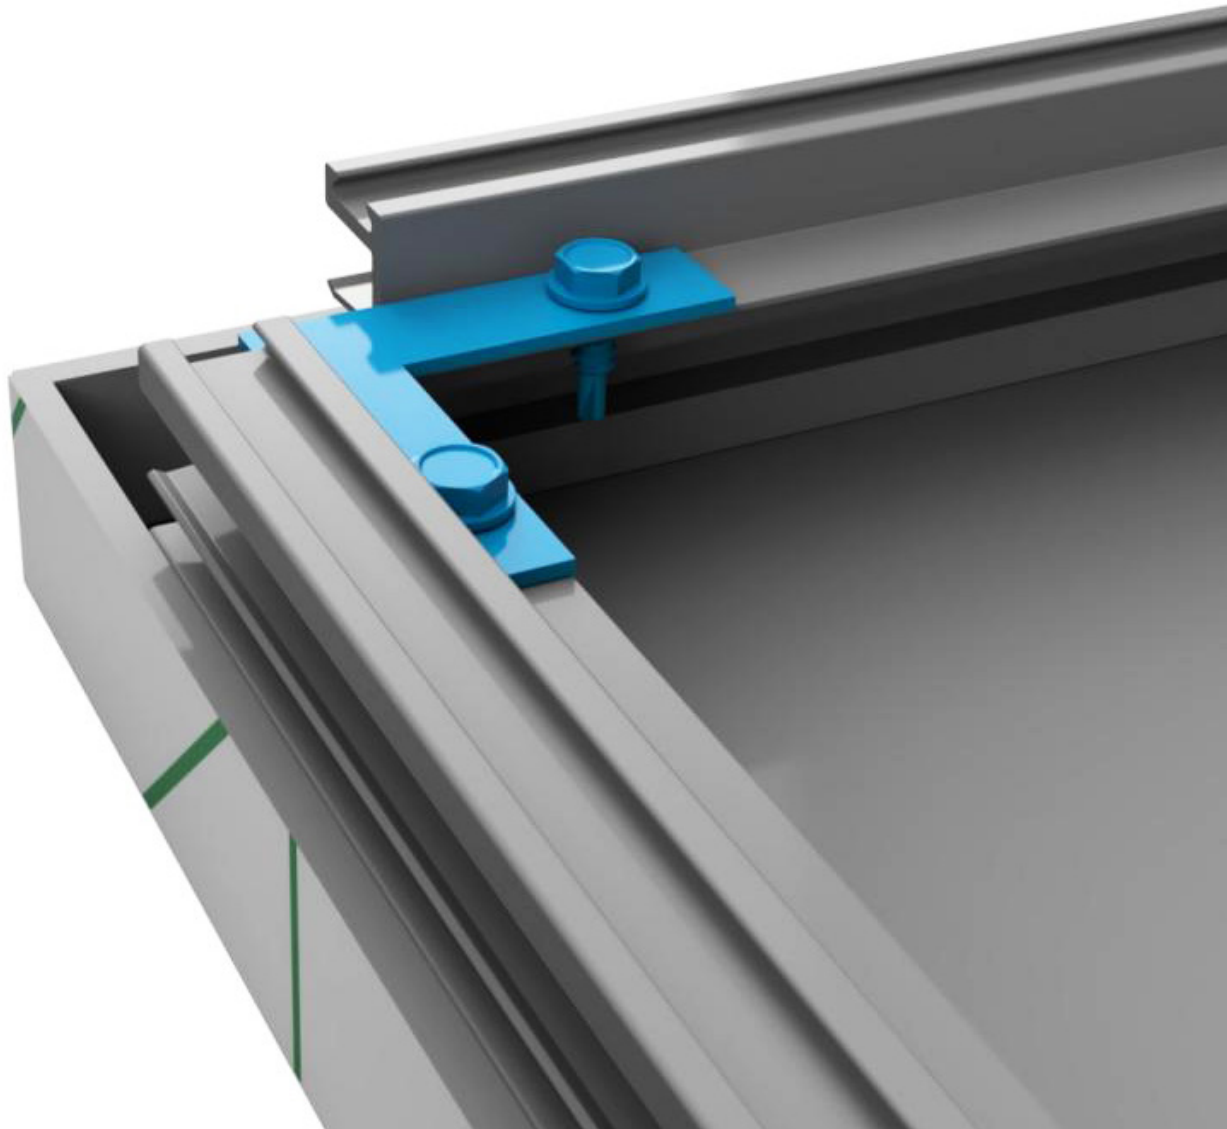

Inventory Should Fuel Growth, *Not Strain It.*

Every fabrication business faces the same challenge — balancing material costs with the need to stay project-ready. Long lead times, rising prices, and tight margins make it difficult to keep enough stock on hand.

Arrowhead's **Consignment Program** solves that by giving you access to inventory when you need it with payment flexibility to match your cash flow.

You use what you need, when you need it, and pay only for what's consumed.

STEP 1: *Apply for a Consignment Account*

Approved partners receive access to Arrowhead's regional consignment network.

STEP 2: *Get Stocked*

We'll deliver Arrowhead panels to your shop or designated warehouse space.

STEP 3: *Use as Needed*

Draw from your consignment inventory for ongoing projects with no upfront payment.

STEP 4: *Settle Monthly*

Pay only for panels used that month, based on simple usage reporting.

Program Benefits:

- ✓ Maintain a steady supply and avoid lead times.
- ✓ Free up capital for equipment and staffing.
- ✓ Accelerate project starts without financial stress.
- ✓ Enjoy partner-priority pricing and logistics support.

*"Easy to deal with and
get orders processed."*
